### DOOR KEY MAY FREE HUSBAND

Mrs. Small's House Was Locked on the Inside Is the Claim Made By the Defense.

Mountain View, N. H., Oct. 4.—A key in the lock of the cottage where Mrs. Frederick Small was so brutally murdered last Thursday may be the evidence which will unlock the bars confining her husband and make him a free man after the hearing Thursday, his attorneys declared yesterday.

When the burning embers of the cottage had cooled the key to the front door was found on the inside of the charred lock, turned so as to indicate that someone had locked it from the inside. The prosecution admits that the door had no spring lock. The defense pointed out that Small could not have locked it after his departure and held that someone else committed the crime from inside the house.

Although funeral services were conducted over the remains of the murdered woman while her husband paced his cell and wept that he could not be there, the casket, with its wreath of roses bearing the message of love from the accused man, was placed in a vault and the body will not be buried until after the hearing.

### FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

## FRANKFORT WANTS PEACE

Public Meeting Favors the Ending of Hostilities

### HOLLWEG'S SPEECH HALTS REICHSTAG

Campaign Begun to Support His Policy of Government

London, Oct. 4.—Telegraphing from Amsterdam the correspondent of the Central News says:

"It is generally believed that the postponement of the meeting of the Reichstag from Oct. 5 until Oct. 11 is due to dissatisfaction with the speech of Dr. Von Bethmann-Hollweg. In the meantime strenuous efforts will be made to reconcile the people to the imperial chancellor's policy.

"Meetings have been hurriedly arranged to be held in a number of towns where members of the Reichstag will make addresses.

"A public mass meeting at Frankfort passed a resolution in favor of an early peace.

"The Vossische Zeitung says that Chancellor Von Bethmann-Hollweg had a long conversation on Oct. 1 with Prince Von Buelow, the former chancellor."

The Lokal Anzeiger of Berlin says the resumption of the sittings of the Reichstag, adjourned after the delivery of Chancellor Von Bethmann-Hollweg's speech until Oct. 5, has been postponed until Oct. 11. The postponement is said to be due to the fact that the work of the committees is not proceeding as rapidly as had been expected.

Unofficial forecasts of the amount of subscriptions to the fifth German war loan indicate that it will exceed the total of the preceding loan. A banker whose advance information in regard to earlier loans in each case proved exact says the subscriptions are far ahead of the amount at the corresponding period of subscriptions to the fourth loan. An investigation by the Reichsbank some days ago showed a total of subscriptions at that time of more than \$1,800,000,000. The subscription lists close Oct. 5.

Although there has been some falling off in small subscriptions it is reported that this has been more than counterbalanced by the large subscribers. There are certain classes, such as salaried officials, who have benefited in no way from the war and can less easily afford to subscribe than they could to the fourth loan.

An extremely vigorous press campaign has aided materially in bringing in subscriptions.

The total subscribed to the fourth German war loan, raised last spring, was given by the Overseas News Agency of Berlin as \$2,102,250,000.

### NEURALGIC PAINS

Shooting pains in the head with giddiness, noise in the ears and tenderness of the scalp—pains in the neck and shoulders or extending down the arms to the hands, these are the most common symptoms of neuralgia.

There are a number of causes of neuralgia. It is most common in families whose members have nervous dispositions and it is very often a result of anemia or lack of blood.

Hot applications give temporary relief in neuralgia and should be used. They cannot cure the trouble because the pain is the complaint that the under-nourished nerve is making and it will not be quieted until the nerve is fed. The only way to reach the nerves with nourishment is through the blood. That is why thin blood so frequently leads to neuralgia. When the blood becomes thin the nerves lack nourishment. Build up the blood, supply it to the elements that the nerves need and you begin to correct the neuralgia.

The free booklet "Diseases of the Nervous System" will interest you. Write for it today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price 50 cents per box, six boxes for \$2.50.
